

Reborn Everyday With Hot Water

ALPHA PRO

ALPHA PRO

MAXIMUM ENERGY ABSORPTION FOR QUICK HOT WATER.

Racold Thermo Pvt. Ltd. helps you begin your day with a spurt of energy and warmth for the last 50 years. A fully owned subsidiary of the Ariston Thermo Group, the world's no.1 water heating company, Racold received Best Performed Manufacturer on Installation of Solar Water Heaters for 2 years in a row awarded by the MNRE, Government of India and for the Best Service and Dealer Network in 2014.

The Alpha range of solar water heaters uses a high energy absorption vacuum tube of over 1800 mm length which ensures optimum energy absorption and high efficiency.

Specially treated inner container ensures durability and resistance against corrosion. It comes with a 5 year warranty.

Durable and strong outer body.

Racold Vacuum Tubes are of 1800 mm length, in keeping with international standards ensuring optimum energy absorption and higher efficiency.

Racold's unique design ensures durability, low maintenance and blends seamlessly with building aesthetics.

The product comes with a 5 year warranty assuring a dependable service.

Smart Float* - A unique float valve only offered by Racold, that eliminates long air vents to ensure safe usage, particularly in high wind velocity areas.

* trademark pending

CHARACTERISTICS	RACOLD	OTHERS	RACOLD ADVANTAGE
Outer body	Specially coated Zinc Alume outer body	MS/FRP/AL	UV resistant, non-corrosive, durable and long life
